## *Highlights of Shotley and Erbarton*

1 **Harwich Haven** is the best natural harbour on the east coast of England. On the north bank of the River Orwell is the Port of Felixstowe. It is the UK's largest port, handling 40% of all containerised trade. Harwich International Port lies across the estuary on the south shore of the River Stour. Harwich hosts a busy ferry and cruise liner terminal.

2 **HMS Ganges Museum**, located at Shotley Marina, tells the story of HMS Ganges with many exhibits, photographs and artefacts on display. The Royal Navy Training Establishment at Shotley opened in 1905 and over 150,000 Naval Cadets were trained up until it closed in 1976. The former site of HMS Ganges at Shotley Gate is now a designated Conservation Area.

3 **The Stour and Orwell Estuaries** contain mudflats and saltmarsh which are a haven for wading birds. Every autumn 40,000 wildfowl and wading birds make an incredible journey to feed and roost here. You can often see vast flocks probing the mud. Migrating birds, such as sandpiper and greenshank, are present in spring and autumn. Drainage dykes inland of the river 'walls' provide a vital habitat for insects, including the Emperor Dragonfly, the largest in the UK.

- 4 **Shotley Church and Naval Cemetery** are located on high ground some way from the village. St. Mary's Church dates from the 1400s. Opposite the church is a naval cemetery. It contains the graves of sailors from the Royal Navy, Merchant Navy and the Dutch and German Navies who died during WWII.

- 5 **Golden Wood and Wildflower Meadow** is a 'community woodland' established in 2004 and managed by local people. The land was donated by local landowners and funding for the project came from environmental organisations, such as the Suffolk Coast & Heaths Area of Outstanding Natural Beauty (AONB). Local children have planted native trees and hedges.

- 6 **Shotley Heritage Park.** In 2012, Shotley Parish Council purchased 8 acres of woodland and 50 acres of foreshore adjacent to the River Stour at Shotley Gate. Babergh District Council, Suffolk Coast & Heaths AONB and the local County Councillor all contributed to help fund the purchase. This community recreational area has outstanding views of Parkeston Quay, Harwich, and across the River Stour to the County of Essex. The woodland is being managed to help protect flora and fauna, and to inform visitors about the heritage of Shotley.

*Shotley Gate sits at the tip of the Shotley Peninsula, where the rivers Orwell and Stour meet. These walks visit peaceful countryside and offer views of the docks at Felixstowe and Harwich. You may see some of the largest ships in the world manoeuvring in the harbour.*

- 7 **St. Mary's Church, Erwarton** is well worth a look. Rumour has it that the heart of Anne Boleyn (d.1536) is buried in the wall of the church as she often visited her uncle, Sir Phillip Parker, who lived in Erwarton Hall. The 15th century church tower was repaired after lightning damage in 1837. Erwarton Hall and its Gatehouse, both Grade II\* listed, date from 1575 and have been rebuilt. The gatehouse, a post-Reformation Gothic fantasy, sits on the road through the village.

- 8 **Arthur Ransome**, the famous children's author (1884-1967), moved from the Lake District to live near Pin Mill on the River Orwell so that he could enjoy sailing on the sea. In *We Didn't Mean to Go to Sea* (1937) he immortalised life on the river in the 1930s, and many of the locations he described in his books can still be enjoyed today.

## Welcome to Shotley

Nestled between the rivers Orwell and Stour on the Essex/Suffolk border, Shotley is a picturesque village with around 2,500 residents and a strong community feel, only 9 miles from Ipswich.

The wonderful views alone make Shotley a marvellous destination. If you add the history and culture gained from its two war cemeteries at St. Mary's Church, Shotley - maintained by the Commonwealth War Graves Commission - and the HMS Ganges museum at Shotley Marina, you then have a wonderfully interesting area to explore.

Shotley's flat, tranquil landscape makes it an idyllic place to go walking or spend a gentle day on your bike. There are lots of well-marked trails that can take you across the peninsula from river to river. Shotley is proud to be the first *Walkers Are Welcome* accredited village in Suffolk. This accreditation was achieved with thanks to Discover Suffolk and the Coastal Access team. Footpaths, resting spots, viewing points and other facilities are well signposted and maintained, so we hope you find a stroll through unspoiled countryside and the magnificent views over the Rivers Orwell and Stour simply irresistible.
